

ATP-Bio's mission is to make transformative discoveries, train a diverse workforce, and connect resources and partnerships to ethically translate technologies for the storage and distribution of living biological systems.

Join a diverse team of industry, academic, non-profit, and government members dedicated to innovation in biopreservation.

Membership Benefits

**Intelligence**

Be the first to know new bio and cryo-preservation developments. Access to leading researchers and facilities. Priority access to ATP-Bio IP.

**Influence**

Advise on ATP-Bio's overall strategic direction and research agenda. Pursue opportunities for joint projects.

Recruit up-and-coming talent. Gain competitive insights and network with other ATP-Bio partners.

**Network & Talent**

Support ATP-Bio's broader STEM education, diversity and culture of inclusion, and public outreach efforts. Inform and be informed by ATP-Bio's ethics and public policy efforts.

**Inform & Engage**

# Membership Types

- **INDUSTRY MEMBERS:** Provide the voice of industry, end user, or customer voice to ATP-Bio as well as technical and strategic direction to the center, particularly with respect to tech transfer, commercialization, and industry priorities.
- **NON-PROFIT/GOVERNMENT MEMBERS:** Provide end user or other voices in the value chain and/or ecosystem to ATP-Bio but due to tax status cannot accept IP benefits. They provide technical and strategic direction to ATP-Bio and participate in the IAB as non-voting members.
- **INNOVATION MEMBERS:** These partners help get ATP-Bio technologies to the market (e.g. economic development orgs, incubators/accelerators, investors, etc.) They contribute to other center activities and events in targeted fashion, but do not participate in the IAB.

ATP-Bio Membership	Sustaining Member	Full Member	Associate Member	Non-Profit/Government	Innovation
Membership Dues*	\$50,000	\$25,000	\$1,000	In kind	In kind
<b>Membership Benefits</b>					
<b>Industrial Advisory Board (IAB)</b>
